Dedication

Since 1930, the Owl has been the mascot of Agua Fria Union High School. It is to this noble bird that we, the annual staff, chose to dedicate the 1965 Wickiup.

The Owl is a symbol of wisdom and perseverance, the very traits that we seniors hope to utilize when we strive for success after graduation. The Owl displays a fierce competitive spirit, the same spirit that makes Agua Fria an outstanding school.

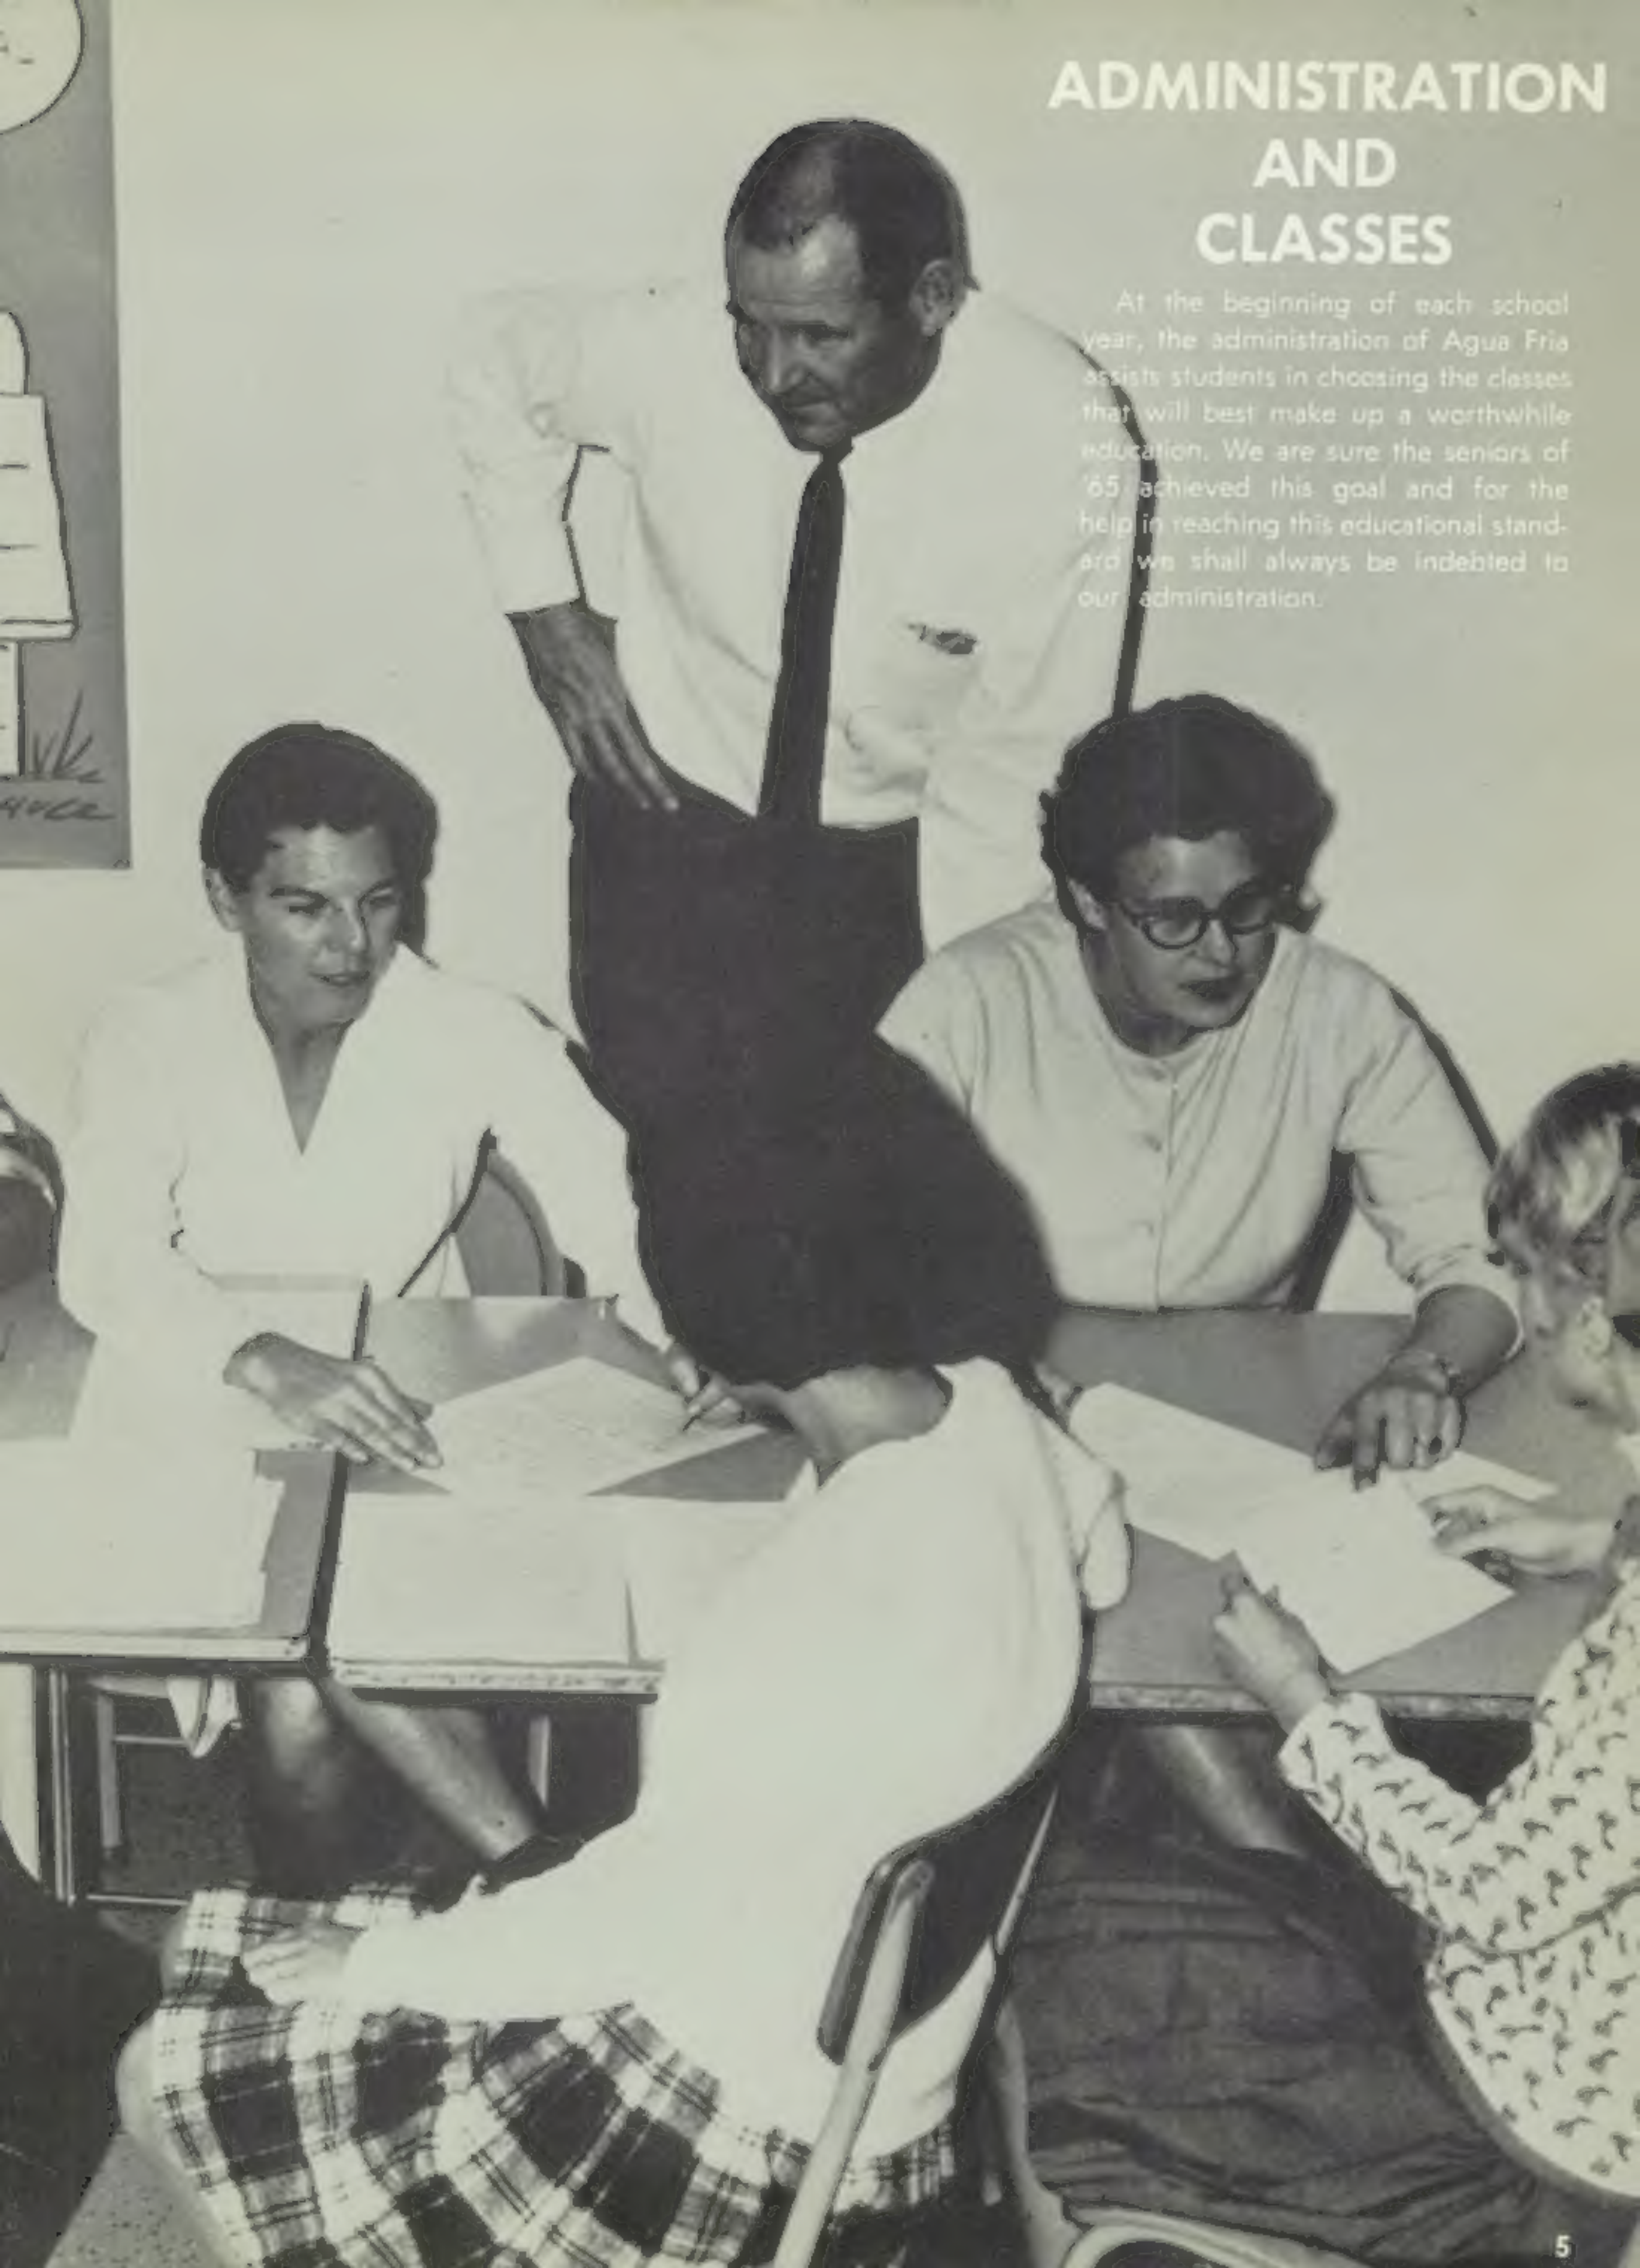

Our theme is competition, the same competition that enables our school, our community, our state and our nation to stand as the cornerstone of freedom. The seniors of 1965 hope that through honest competition in our studies, activities, athletics and achievements, we have built a foundation from which to build our future lives.

ADMINISTRATION AND CLASSES

At the beginning of each school year, the administration of Agua Fria assists students in choosing the classes that will best make up a worthwhile education. We are sure the seniors of '65 achieved this goal and for the help in reaching this educational standard we shall always be indebted to our administration.

Senior Farewell

Our senior year, Graduation. Fond farewells. Lasting memories. Wide spread thoughts race through our heads as we realize we are graduating, we are leaving high school, we are facing the future.

Yes, finally it is over. The long awaited moment has arrived. Just think, no more high school homework, no more activities, no more football games, Western Day, pep assemblies, field trips, choir tours, cheering for the red and grey or scholastic honors. After graduation we won't have to attend, or go to a thing unless we want to. Happy days! Graduation is here.

Happy days? Are they really happy days? Are they going to be as happy as everyone thinks? Are we sad or glad seniors? . . . Glad for the opportunity to use our high school education and face the world — sad to see Agua Fria fade into our personal past. Farewell, Agua Fria Union High School . . . we have been part of you . . . and you will always be a part of us.

A Freshman English Class at WORK

CURRICULUM

As in any school, a major part of Agua Fria is the curriculum. In this field as in all others, we at Agua Fria work hard to do our best. Through competition on the regional level, Agua Fria students have earned recognition and awards, giving Agua Fria one of the highest scholastic ratings in the state.

Speech

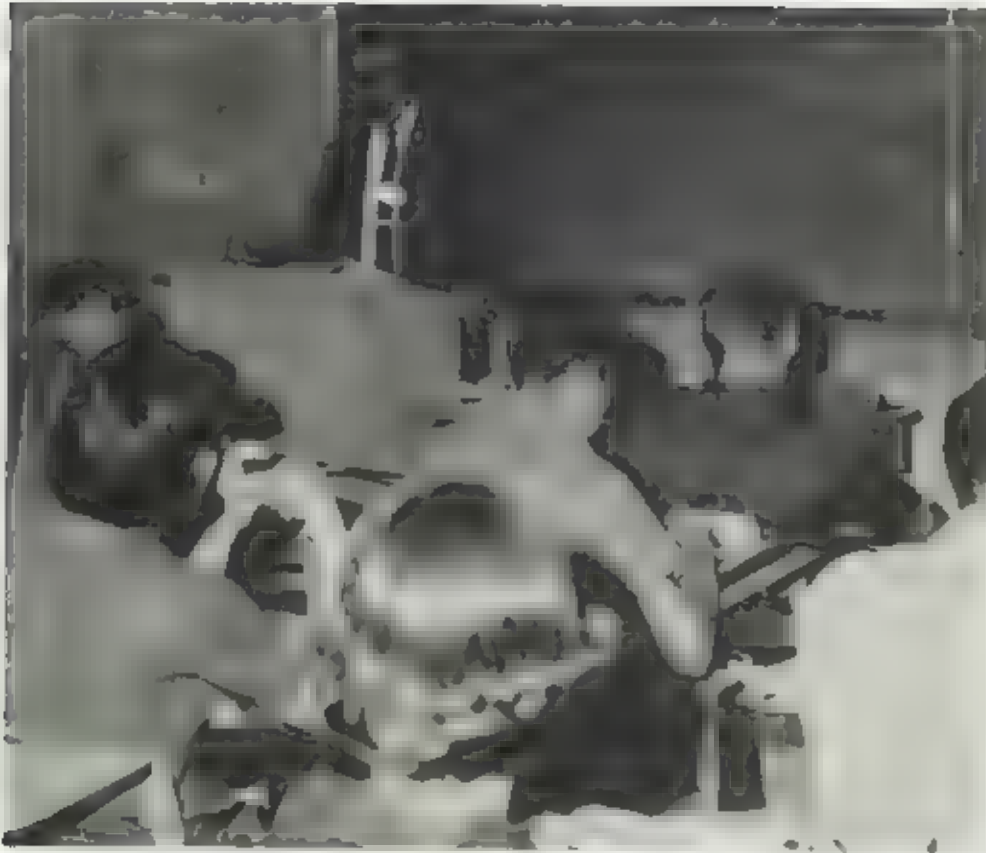

Speech, taught by Mr. Roberts, enables students to think on their feet, become familiar with the many kinds of public speaking situations they will face after Graduation and develop confidence in their speech

English

Senior English taught by Mrs. Rayner, enables the individual student to "polish" three years of intensive English study. Upon Graduation, Agua Fria students know how to express themselves with clarity and have a solid foundation of literary knowledge

Civics

American government, taught by Mr. Casey, is a required course for all seniors prior to graduation. The course provides Agua Fria graduates a complete understanding of our American heritage through the processes of our country's democratic government.

American History

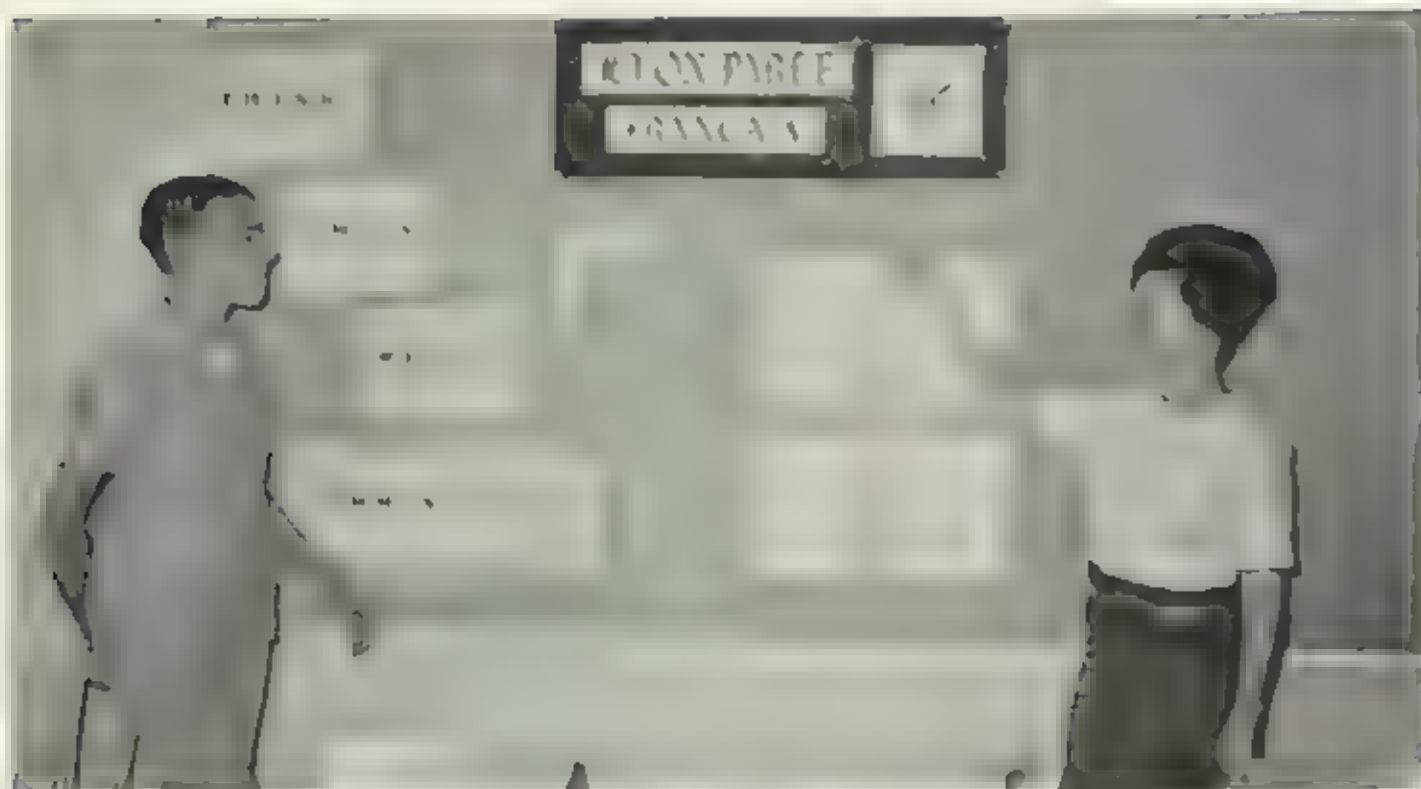

American history taught, by Mr. Quass and Mr. Corbell, enables the student to trace our way of life from the time of our country's colonization to the present space age. We have learned that the United States has provided freedom for competition throughout its history.

Typing

Typing is a course that provides students the opportunity to learn manual typewriting skills and prepare for eventual employment that requires typing skill. The class is taught by Miss Raine

French

French, the language of romance, is taught by Miss Corley. Students become adept in understanding the basics of the language and proficient in speaking conversational French.

German

German, is taught by Mrs. Svendsen. The course teaches the students a better understanding of the language, the people and their customs.

"El Hombre que sabe dos lenguas vale dos hombres."
 "The man who knows two languages is worth two men."

Spanish

Chemistry

Chemistry, taught by Mr. Leach, is a science course that enables the student to understand his environment better through the study of the composition of the world around him

Science Seminar

Science Seminar is an advanced Science course that is offered to Seniors who have completed Biology, Chemistry, and Physics. The class is taught by Mr. Fulton.

Geometry

Geometry teaches students how to think logically. The course is taught by Mr. Shipley. Through the study of geometry the student can apply the logical thought process to everyday living

Woodshop¹⁺

Woodshop is a course open to all students. Taught by Mr. Alpers and Mr. Green, the course teaches the fundamentals of woodworking and shop practice and the students practical experience.

Home Economics

Home Economics, taught by Miss Veon and Miss Matern, is a course that enables students to become proficient homemakers. Cooking, sewing and home management are stressed as well as advanced subjects designed to make the students a creative thinker.

Physical Education

Physical education, taught by Miss Boles, Miss Marks, Mr. Green, Mr. Hyde, and Mr. Fulton, teaches the students the fundamentals of sports and enables them to become confident through competition and good mental, physical and moral health.

Art

Art, taught by Mrs. Rayner, gives students with artistic ability the chance to express themselves through basic art methods such as ink lettering, sketching, and drawing.

ORGANIZATIONS

An important part of student life are the organizations and their activities. Here at Agua Fria, the organizations compete against each other and against groups from other schools. They perform valuable services and provide an opportunity for students to "learn through doing and taking part". Our campus organizations are an important source of recognition and honor for our school.

The Future Farmers of America at Agua Fria work diligently to improve themselves, their chapter, their school, their state and nation.

Stanly Ashby, FFA president, is typical of all Agua Fria Future Farmers. Pictured above, Stanly knows the American farmer combines modern education with man's age old ability to work the soil. The two combined produce the staff of life.

Agua Fria's Future Farmers of America are a credit to their organization.

Student Council

The Agua Fria Union High School Student Council, under the sponsorship of Mr. Berger and the administrative ability of Student Council President Rob Brosius, underwent a change during 1964-65.

The council, in an effort to bring about more class participation and streamline its legislative process, limited voting rights to class representatives and class presidents. The council, through its reorganization, set the stage for many future years of productive work. The council also worked hard all year determining student functions and making sure the student carnival was a success.

Student Council Officers: President, Rob Brosius, Vice President, Don Shaver; Secretary, Judy Rayner; Treasurer, Debbie Wilden.

Class Representatives: Seniors; James Truman, Candy Boone and Jim McArthur. Juniors; Chuck Gould, Tom Searls, John Gemmill. Sophomores, Bertha Munoz, Cathy Lawrence and Ronnie Ware. Freshmen; Debbie Patterson, Tom Goodwin, and Bobby Dunn.

Class Presidents: Rick Lammers, Moreen Clayton, Danny Brown, and Sandy Newman.

Honor Society

Every school has a special society for honor students. Agua Fria is no exception. Members of the Agua Fria Honor Society, with Mr. Casey as sponsor, know they are members of the academic elite.

Nowhere is there more competition than in scholastics. Since much emphasis is placed upon learning and since the grading system is considered a good measure of learning, these students must constantly strive to improve themselves and maintain their academic standing. These students are proud to be members of Agua Fria's Honor Society and Agua Fria is proud of them . . .

Football

The Ague-Fris Devils this year, proved to be one of the best teams in the state. The team had a great season, winning nine straight games. The team's combined talent and organization with a fierce competitive spirit, making them almost unbeatable.

The Ague-Fris freshmen also had a great year, closing the season with a record of 10-0. They were the "Little Six" Conference Champions.

ADVERTISING

Advertising Managers: Candy Boone and Chris Kafaro

The merchants and businessmen and women of the Westside eventually got to know both of the Wickup's saleswomen Candy and Chris almost as well as their own employees.

Both young ladies were representing Aqua Fria as well as striving to make the '65 annual solvent.

Both young ladies did an excellent job . . .

"THE WORLD'S MINE OYSTER....!"

so Shakespeare said

The world is your oyster. Open it with minimum
effort, savor the brief pleasure . . . and that's it!

But if you recognize it as an opportunity, insert the grain
of ambition and nurture it with enthusiastic purpose,
your oyster will reward you with a precious pearl.

It's your oyster, your world. What you do with it is up to you.
